

BENJAMIN RUBIN AGAIN FUGITIVE

Soldier-Convict, Who Confessed Murder, Then Denied, Escapes From Jail.

Benjamin Rubin, the young soldier-convict who asserted several weeks ago that he killed Eva Roy and later denied he committed the crime, escaped yesterday afternoon from the jail at Fairfax, Va.

Rubin was crawling under a table when Mrs. Harvey Cross, wife of the jailer, opened the cell to give him his dinner. Before she could prevent he brushed past her, ran down the corridor and out of the building. The fugitive was last seen on a road headed for Vienna, Va.

Bloodhounds Lose Trail.

As soon as notified, Sheriff Allison took bloodhounds to the jail. After following the trail a short distance the hounds gave indications of having lost the scent.

Lookouts were sent to the surrounding country and to the Washington police. Commonwealth Attorney C. Vernon Ford expressed confidence that the hounds would be caught.

Wanted in Washington.

Rubin also is wanted by the Washington police to answer to a charge on which he was being held here when his unexpected escape caused his transfer to Fairfax.

Rubin was in the Army until several months ago when he was sentenced to the Lorton (Va.) reformatory on a charge of robbing a man.

MURDER MYSTERY CONFRONTS POLICE

Body of Joseph Edelin, Shot in Abdomen, Found in Garfield Park.

Finding of the dead body of Joseph Edelin, colored, in Garfield Park early yesterday morning presents a murder mystery for the police.

The dead man had been shot in the abdomen and chest, both fatal wounds. His right leg was fractured and there was an abrasion of the scalp. There was nothing near the body to suggest a struggle for life, police reported. It is reasonably certain that robbery was not the motive.

Reports of three pistol shots were heard shortly before 4 o'clock in the morning. The police were alerted. A woman was seen going south on 2d street southeast, not a great distance from where the body was found three hours later.

Joseph Arnold, railroad watchman at the tunnel, heard the reports and saw the woman from a distance. He returned to his work and gave no further thought to the incident until the body was found.

Had Wife and Four Children.

Edelin was thirty-eight years old, had a wife and four children. He was separated from them. He resided at 33 N. street southwest and was in the employ of the Commercial Coal Company at 22 I street southeast.

Saturday night about 10 o'clock his employer visited him and asked him to report at the coal yard yesterday morning. Edelin accompanied his employer as far as his home at 447 West Jersey avenue southeast, and left him about 1 o'clock Saturday night. Nothing of his further movements is known prior to the finding of his body.

Several persons passed through the park near where the body rested. Edelin's head was resting on one arm, presenting the appearance of his being asleep, not an unusual sight in that park early Sunday mornings.

Pistol Shots Heard.

Watchman Arnold, Martha Washington and Julia Jackson told the police they heard the pistol shots. A penknife and pipe were the only articles found in the pockets of Edelin's clothing. The police said that he only had about \$1.50 Saturday night when he left his employer.

LEPER ASKS FOR EFFECTS.

Early Sends Money Order to Dr. Fowler From Tryon, N. C.

Dr. William C. Fowler, District Health Officer, has received a letter from John R. Early, who deserted the leper camp on the reservation at the foot of E street southeast several days ago, asking that his personal effects be forwarded him at Tryon, N. C., where he is at his father's home. A money order accompanied the request.

PROBABLY DIDN'T.

There is one good thing about "him." "What is that?" "He never wore his trousers turned down."

KEEPING UP WITH THE JONESES—Pa Is No Dove.

The Hero

For years I'd loafed around the town, without a thing to do, and held the steps and railings down, and begged a smoke or chew. With other gossips I was wont to argue by the day, and always liked that sort of stunt, although it didn't pay. But Crowder thundered, "Work or fight," and meant just what he said; and now I stagger home at night, and worn out go to bed. Each day I face a grievous task that makes my backbone ache; what greater sacrifice, I ask, could any mortal make? They miss me at the checker games and on the bleachers cold, where all the idlers draped their frames in happy days of old. They miss me where they're playing pool, they miss me where they bowl; for I am toiling like a mule, with sorrow in my soul. They miss me at the corner store when all the gossips meet, to thrash old topics o'er and o'er, as grangers thrash their wheat. They miss me at the village kirk when oyster feasts are held; for I arose and went to work when Crowder up and yelled. I wonder when the war is done if people will forget how I have labored in the sun and left a trail of sweat? Will pretty maids put leaves of oak on my heroic dome, or will I seem a foolish joke when soldier boys come home?

TEN YEARS' HARD LABOR FOR MEADE DESERTER

Private Clayton Absent Less Than a Day—Caruso and Paderevski to Visit Camp.

CAMP MEADE, Md., October 7.—A sentence of twenty years at hard labor, later reduced to ten years, was imposed upon Private Elias Clayton, 25th Company, Depot Brigade, for desertion.

Absence from camp was less than a single day. He was caught at Coatesville, Pa., a few hours after he shook the dust of Meade from his heels. Evidence was submitted that proved that it was his intention to desert and not merely to be absent without leave.

Looking for a let-up in the "flu" quarantine by the end of the week, elaborate plans are being made for a celebration of Liberty day next Saturday. With weather propitious both days will be celebrated, even if it is found wise to continue the ban against visitors.

Athletic events have been prepared already. Speakers are being sought for the open-air rallies. Two fine open-air theaters, with perfectly constructed sounding boards or shells, are available for the festivities.

Bert Cavallazzi, the Italian born in Berlin, where his father was conducting a circus, has had a favorable reply to the invitation which he sent to Enrico Caruso. Caruso will come to talk and sing for the Italian soldiers.

Ignace Paderevski, the pianist, has promised to come to speak to the Polish-American war. His home was at 2911 Olive avenue, in this city. His wife, mother and father, two sisters and six brothers survive him.

U. S. TO LOAN TO RAILROADS.

Will Provide Money at 6 Per Cent to Stop Rate Increase.

As a means of keeping interest rates from soaring, the railroad administration hereafter will lend railroad funds at 6 per cent to meet maturing bonds when they find it impracticable to get money elsewhere "at a rate of interest which the director general may feel warranted in approving." Ample security will be required.

This policy heretofore has been followed in a few cases where banks refused more than 6 per cent to renew railroad obligations.

SCHOOL TEACHERS ASKED TO VOLUNTEER AS NURSES

Call by Health Officer and Red Cross for Help During Influenza Epidemic.

Calls for teachers in the public schools of the District to act as volunteer nurses during the influenza epidemic were sent out today by Dr. William C. Fowler, health officer, and Miss Jane A. Delano, director of the division of nursing, and otomata division, American Red Cross.

Dr. Fowler's request came to the office of Ernest L. Thurston, superintendent of schools, verbally, this morning. The request from Mrs. Delano came in the form of a letter, copies of which, together with Dr. Fowler's request, were immediately sent out to the teachers.

The teachers have been afforded the opportunity to help in this volunteer work through the closing of the schools, and those who have taken the call of the superintendent and first aid are urged to volunteer at this crisis. They will not be under any agreement with either the District health authorities or the Red Cross and can be released for school work at the call of the superintendent.

Rev. Dr. Charles Wood, pastor of the Church of the Covenant, today informed members of his congregation who are willing to attend the sick as nurses or helpers that they should notify Health Officer Fowler, at the District building.

INFLUENZA UNDER CONTROL AT MEADE

Drop in the Number of New Cases and Fewer Deaths Are Reported.

CAMP MEADE, Md., October 7.—A decided drop in the number of new influenza cases gives assurance that the epidemic is now under control. The new cases totaled 357. The spread of pneumonia, however, took a decided jump and 716 influenza patients in the past twenty-four hours developed that more serious disease. Total of deaths is now stated to be 213.

The death list includes the name of Lieut. John F. McCarthy, a chaplain, formerly of a large Catholic church of Pittsburgh. Father McCarthy reported here only a few weeks ago. He was assigned to the 71st Infantry, where the influenza first became serious, and his work among the sick and dying has been tireless.

K. or C. Secretary Also a Victim.

Martin J. McGinnity, a Knights of Columbus secretary and a former member of the New York National Guard, died today. He contracted influenza while engaged in welfare work among the patients in the hospitals.

Miss Etelle M. Perkins, an Army nurse from North Carolina, died today.

An encouraging feature of the epidemic is the fact that the number of new cases is now small, compared with a week ago. New influenza cases numbered 369, one-third of what it has been on some days of last week.

Deaths among patients in the hospitals report brought the total up to 213.

Efforts are being made to prevent the spread of the disease by travelers on the W. B. and A. railroad. The cars are disinfected and an effort is made to have ventilation.

Situation at Hyattsville.

HYATTSVILLE, Md., October 7.—Influenza has doctors and druggists here working to exhaustion. Drug supplies are reported low. Laurel this morning it said to be practically without drugs.

Joseph Smith, thirty-nine years old, died early this morning at his home here, following a brief illness of pneumonia. He leaves a wife and one child, two brothers, Vernon W. Smith of West Virginia, and three sisters, Mrs. Emanuel Little, Mrs. Cornelius Little and Mrs. Lee Sellman.

Funeral services will be held Wednesday at 2 o'clock. Rev. Dr. Hildegard, pastor of the local Methodist Episcopal Church South, will officiate. Interment will be in the Beltsville cemetery.

In the vicinity of this place it is reported there are about fifty cases of influenza.

The Non-combatant.

(For the Fourth Liberty Loan.)
Dig deep! Pull up your gold!
Now place it in the nation's hands!
Balm for the heart, so brave and bold,
That bleed for you in foreign lands.
You make small payment on a debt
That pays a debt you surely owe.
To give a paltry silver piece,
And then assume a charity.
'Tis not a philanthropic act
To pay a debt you surely owe.
A duty clear to honest hearts—
Help ease a way you may not go.
Dig up your gold and may it serve
To soothe the pain of willing hands.
Furnish your greed and ways of ease:
Give 'til you're poor, that is your part!
Dig deep! Pull up your gold!
For war's expense and Red Cross sums.
The fullest honor you may know,
The honor of a scanty purse.

FAIR-PRICE CERTIFICATES TO POST HOUSEHOLDERS

Will Be Displayed in Loyal Retail Grocers' Stores to Show Co-operation in Food Program.

By the display of fair-price certificates in the windows of loyal retail grocers, the public will be able to determine what stores are co-operating in the enormous food-saving program which the war has imposed and which America is determined to fulfill.

This week every retail grocer in the United States will be asked to sign a pledge to conform to the rules and regulations of the food administration and to co-operate fully in the conservation program. All dealers who sign this pledge will receive direct from the food administration attractive certificates which are to be posted in the grocery windows.

The food administration counts on the aid of the retail grocers in carrying out the food program for this year, which calls for a 50 per cent increase over last year in the amount of food and feedstuffs which America must send to Europe.
